PRESS RELEASE

ABOUT CAPELLA SINGAPORE

Located within 30-acres of lush rainforest on Sentosa island, Capella Singapore has cemented itself as one of the most luxurious hotels in the region over the last decade. Inspired by the colonial building that houses the hotel lobby, aptly named Tanah Merah which translates to red soil in the Malay language that was unearthed during the construction, architect Lord Normal Foster of Fosters + Partners, designed the resort to sit in harmony with surrounding nature, while combining old-world colonial charm with contemporary chic.

Capella Singapore offers some of the city's most spacious accommodation options with 112 guest rooms that include 38 villas and two Colonial Manors, complete with plunge pools. Capella The Club Residences Singapore also offers the opportunity for extended stays with complete access to the hotel's facilities. These long stay options include 72 sea-facing suites and duplexes, and nine manors with private pools.
